URGENT

No. 04001/707

**ROYAL THAI EMBASSY
DHAKA**

The Royal Thai Embassy presents its compliments to the Ministry of Finance of the People's Republic of Bangladesh and with reference to the Embassy's Note No. 04001/703 dated 9 November 2017 regarding the announcement of the Annual International Training Course (AITC) programme for 2018, has the honour to forward details of the following AITC training programmes;

(1) **"Sufficiency Economy Philosophy towards a Sustainable Development"** to be organised in Thailand by Burapha University during 5-16 March 2018 with a closing date for application on 31 January 2018. (Attachment 1).

(2) **"Strengthening Health System: Key Contributing to Sustainable Development Goals (SDGs)"** to be organised in Thailand by Mahidol University during 28 May – 22 June 2018 with a closing date for application on 16 March 2018. (Attachment 2).

While nominations from all AITC Eligible Countries/Territories are welcomed, the consideration of applications will give priority to nominations from the member states of the Conference on Interaction and Confidence Building Measures in Asia (CICA). Therefore, apart from the AITC eligible countries/territories nomination of candidates from the following CICA member countries is welcomed;

- Bahrain
- Israel
- South Korea
- Qatar
- Russia
- United Arab Emirates

Successful candidates from the AITC eligible countries/territories will be offered International Economy air ticket and domestic cost in Thailand, while successful candidates from the above-mentioned countries will be offered an award which covers only domestic cost (accommodation, allowance, social program, insurance and airport meeting service) during the period of training in Thailand.

This arrangement is part of Thailand's effort to promote sustainable development through sharing of best practices and experiences.

In this regard, the Embassy has further the honour to request for the Ministry's kind assistance in conveying the announcement of the above-mentioned training course to relevant government agencies/offices. Please note that each eligible country/territory is invited to nominate up to two (2) candidates per course and nominations must be submitted to TICA through Royal Thai Embassy, Dhaka.

Attached herewith are Guidelines for AITC (Attachment 3) and application form (Attachment 4) for the Ministry's further action. Detailed information on List of Eligible Countries/Territories for AITC, as well as other updates can be found at <http://tica.thaigov.net/main/en/information/73803-Annual-International-Training-Course.html>. For more information, please send an email to aite@mfa.go.th

The Royal Thai Embassy avails itself of this opportunity to renew to the Ministry of Finance of the People's Republic of Bangladesh the assurances of its highest consideration.

Thailand's Annual International Training Course
(AITC)
Course Information

**Strengthening Health System:
Key Contributing to Sustainable Development Goals (SDGs)**
(Priority for CICA Member Countries)

28 May – 22 June 2018

Closing date for application : 16 March 2018

TICA : Thailand International Cooperation Agency

is a national focal point for Thailand's international development cooperation. TICA was established in 2004 to realize Thailand's aspiration to be a contributor of development cooperation. Believing that global challenges are best addressed by international cooperation and global partnership, today we continue to strengthen our contribution to achieve global development agenda through various capacity-building and human resources development programmes. In response to the recent changes in the global landscape of development cooperation, especially through the concept of South-South and Triangular Cooperation, TICA continues to realign our focuses in order to deliver Thailand's commitment to be a relevant partner in global agendas including the 2030 Agenda for Sustainable Development.

AITC : Annual International Training Course

was initiated in 1991 as a framework in providing short-term training for developing partners. Today, the AITC remains one of TICA's flagship programmes. It offers not only a training experience, but also a platform in exchanging ideas and establishing professional network among participants from across the developing world. Aiming at sharing Thailand's best practices and experience to the world, the AITC training courses focus on development topics of our expertise currently categorized under five themes namely, "Sufficiency Economy Philosophy" or SEP, Food Security, Public Health, Climate Change, and Other topics related to Sustainable Development Goals (SDGs).

**ASEAN Institute for Health Development
(AIHD), Mahidol University**

ASEAN Institute for Health Development (AIHD), Mahidol University was established in 1982 as the ASEAN Training Centre for Primary Health Care Development. It was a joint effort of Mahidol University, the Ministry of Public Health and the Department of Technical and Economic Cooperation (DTEC, now TICA) of the Royal Thai Government, with strong support from the Japan International Cooperation Agency (JICA). AIHD's work bases on a forward-looking and conceptually challenging perspective on human resource development which aims at supporting global strategy of "Health for All" through the primary health care approach as advocated by WHO.

AITC Theme : Public Health

This training course falls under the AITC theme- "Public Health". We believe that health is a very important component for economic and social development, national security, regional and global stability. In the post 2015 context, health has been increasingly recognized as a key contributor in development as good health is one of the fundamental building blocks of society and sustainable development. From improved quality to inclusive healthcare system, Thailand has been sharing our experience and lesson-learned with developing partners on the road to achieve health-related Sustainable Development Goals (SDGs).

Course Objectives

This training course aims at sharing Thailand's experiences in health care system management. At the end of this course, participants are expected to;

- Understand principle and concept of health system.
- Understand the concept of "District Health System".
- Understand functioning of "District Health Management Learning (DHML)" and its contribution to sustainable development.
- Be able to apply SEP to the case of their respective countries.

Course Methodology

Training methodologies to be used during this training course include;

- lecture
- group discussion
- Study visit

Assignment and Evaluation

- In-class participation.
- Group discussion.
- Project assignment – Report on analysis and how to improve local health system in participants' respective countries.
- Advance assignment - "Country Report" which contain information on (i) service delivery, (ii) health work force, (iii) health information system, (iv) access to essential medicines, (v) financing, and (vi) leadership/governance in health care reform.
- Attendance - Participants are required to attend all activities organized during the course. TICA reserves the rights to revoke its fellowship offered or take appropriate action in case a participant is in attendance of less than 90 percent of the training hours.

Course Outline

This training course offers knowledge and understanding on principle and concept of health care system management for sustainable development. Topics of training are such as;

- Health care reform and SDGs
- Components of health care system
- Monitoring and evaluation in health care system management
- Principle of "District Health Management Learning (DHML)" – design, implementation and evaluation.

Participant Criteria

Candidates must possess qualifications as specified in "Guideline for Thailand's Annual International Training Course Programme" No. 2 "Qualifications" as well as following qualifications

- currently working with at least two-year experience in relevant fields.
- Computer literate
- Under 45 years of age

Apart from the AITC eligible countries/territories, nomination of candidates from the following CICA member countries is welcomed;

- | | |
|---------------------|------------------------|
| - Bahrain | - Qatar |
| - Israel | - Russia |
| - Republic of Korea | - United Arab Emirates |

Application

- Candidates must be nominated/ endorsed by their respective governments of the eligible countries/territories as well as Bahrain, Israel, Republic of Korea, Qatar, Russia and United Arab Emirates by the closing date for application.
- Complete nomination documents must be submitted to TICA through the Royal Thai Embassy/ Permanent Mission of Thailand to the United Nations/Royal Thai Consulate-General accredited to eligible countries/ territories.

(See "List of Eligible Countries" for more information)

Number of Participants

20 persons

Training Institution and Venue

ASEAN Institute for Health Development (AIHD),
Mahidol University,
Salaya Campus,
Nakorn Pathom

Selection and Confirmation

- Selection of participants will be given priority to applicants from CICA member countries.
- Particular attention shall be paid to the candidates' background, their current position, and practical use they expect to make of the knowledge and experience gained from training on the return to their positions.
- Selection of participants is also based on geographical distribution and gender balance.
- Successful applicants will be informed approximately 4 weeks before the beginning of training course.
- Successful applicants must return duly completed and signed acceptance form by the deadline to confirm their participation in the programme.

Terms of Awards

For AITC Eligible Countries - AITC Training Fellowship* include training fee, return economy-class, airfare, accommodation, allowance, insurance, airport transfer and social programme.

For Non-AITC-Eligible CICA Member Countries - AITC Training Fellowship* include training fee, accommodation, allowance, insurance, airport transfer and social programme.

* Subject to rates and conditions established by TICA

Thailand's Annual International Training Course
(AITC)
Course Information

Tropical Medicine, Community Health Care and Research
5 March – 1 April 2018

Closing date for application : 31 January 2018

TICA : Thailand International Cooperation Agency
is a national focal point for Thailand's international development cooperation. TICA was established in 2004 to realize Thailand's aspiration to be a contributor of development cooperation. Believing that global challenges are best addressed by international cooperation and global partnership, today we continue to strengthen our contribution to achieve global development agenda through various capacity-building and human resources development programmes. In response to the recent changes in the global landscape of development cooperation, especially through the concept of South-South and Triangular Cooperation, TICA continues to realign our focuses in order to deliver Thailand's commitment to be a relevant partner in global agendas including the 2030 Agenda for Sustainable Development.

AITC : Annual International Training Course
was initiated in 1991 as a framework in providing short-term training for developing partners. Today, the AITC remains one of TICA's flagship programmes. It offers not only a training experience, but also a platform in exchanging ideas and establishing professional network among participants from across the developing world. Aiming at sharing Thailand's best practices and experience to the world, the AITC training courses focus on development topics of our expertise currently categorized under five themes namely; "Sufficiency Economy Philosophy" or SEP, Food Security, Public Health, Climate Change, and Other topics related to Sustainable Development Goals (SDGs).

Khon Kaen University

Khon Kaen University (KKU) was established in 1964 and has been the major university in the Northeast of Thailand. The University is also one of the nine national research universities in Thailand and an educational center in the Mekong sub-region. KKU currently has more than 40,000 students (including 500 overseas students), studying in 17 faculties, 1 satellite campus, 1 school, and 3 colleges and in 43 international/English programs which cover a wide variety of disciplines.

AITC Theme : Public Health

This training course falls under the AITC theme – "Public Health". We believe that health is a very important component for economic and social development, national security, regional and global stability. In the post 2015 context, health has been increasingly recognized as a key contributor in development as good health is one of the fundamental building blocks of society and sustainable development. From improved quality to inclusive healthcare system, Thailand has been sharing our experience and lesson-learned with developing partners on the road to achieve health-related Sustainable Development Goals (SDGs).

Course Objectives

This training course aims at sharing Thailand's experiences in community health management.

At the end of this course, participants are expected to;

- Be able to use social determinants of a health framework to critically review contemporary policies, practices and research into tropical medicine, community health care and health development services.
- Gain knowledge and skills in developing and implementing effective community health services in response to anticipated community health challenges
- Capable of translating community health research findings into routine practice.

Assignment and Evaluation

- In-class participation.
- Project assignments;
 - Presentation and discussion on participants' experience in community health management.
 - Community health research/project proposal or Action Plan on community health management applicable to the case of their respective countries.
- Submission and presentation of "Country Report".
- Attendance - Participants are required to attend all activities organized during the course. TICAC reserves the rights to revoke its fellowship offered or take appropriate action in case a participant is in attendance of less than 90 percent of the training hours.

Course Outline

This training course offers knowledge and skills in developing and implementing effective community health services. Topics of the training include;

- Community health systems and policies
- Community health care research, statistics and data analysis
- Current and future community health priorities
- Health promotion vs Health development
- Research methods for community health planning and practice

Course Methodology

Training methodologies to be used during this four-week training course include;

- Lecture
- Seminar
- Presentation
- Practical Group Session
- Study visit

Participant Criteria

Candidates must possess qualifications as specified in "Guideline for Thailand's Annual International Training Course Programme" No. 2 "Qualifications" and currently working with at least 2 years experience as health personnel in the community health sectors; e.g., doctors, nurses, pharmacists, public health officers or administrators.

Application

- Candidates must be nominated/endorsed by their respective governments of the eligible countries/territories by the closing date for application.
- Complete nomination documents must be submitted to TICA through the Royal Thai Embassy/ Permanent Mission of Thailand to the United Nations/Royal Thai Consulate-General accredited to eligible countries/ territories.

(See "List of Eligible Countries" for more information)

Selection and Confirmation

- Particular attention shall be paid to the candidates' background, their current position, and practical use they expect to make of the knowledge and experience gained from training on the return to their positions.
- Selection of participants is also based on geographical distribution and gender balance, unless priority is set for particular country/group of countries.
- Successful applicants will be informed approximately 4 weeks before the beginning of training course.
- Successful applicants must return duly completed and signed acceptance form by the deadline to confirm their participation in the programme.

Number of Participants

20 persons

Terms of Awards

AITC Training Fellowship* include training fee, return economy-class, airfare, accommodation, allowance, insurance, airport transfer and social programme.

* Subject to rates and conditions established by TICA

Training Institution and Venue
