INFORMATION FOR APPLICANT			
15.	Brief Description of the Assignment	<p>Identification and Development of 50 (Fifty) Mobile Apps</p> <p>The MOHFW is responsible for planning and management of curative, preventive and promotive health services to the population of the country. There are initiatives in health sector with eHealth and mHealth, however, mobile application is useful, easy technology and very low cost for impact. In the face of significant shortages of highly trained health care personnel, there has been a growing interest in the possible ways that ICTs, in particular the use of mobile phones (mHealth), can improve access to safe, effective and affordable health services in Bangladesh. It is expected that the developed mobile applications will greatly help disseminating important health related information to the people of Bangladesh. HPNSDP aims to utilize its fullest scale of mobile health services (mHealth) for quality health services through identification of 50 (Fifty) apps ideas on health in the context of Bangladesh and other related services for mHealth.</p>
